

Major I-35W construction impacts

- Location:** Southbound and northbound I-35W between 42nd Street and Hwy 65
Impact: Reduced to three lanes, from four
Date: Mid-April to mid-June
Benefit: To create an additional northbound MnPASS lane

- Location:** Southbound and northbound I-35W between 42nd Street and 66th Street
Impact: Ramp closures, night and weekend lane closures
Date: Ongoing through fall 2010
Benefit: Add MnPASS lane to I-35W. Implement safety improvements that eliminate left lane exits and weaving movement for vehicles traveling between Hwy 64/Crosstown and I-35W. Add second through lane on eastbound and westbound Hwy 62/Crosstown. Reduce traffic diversions to local streets.

- Location:** Southbound and northbound between I-494 and 90th Street
Impact: Reduced to two lanes, from three
Date: Mid-April to mid-July
Benefit: Add northbound fourth lane and improve interchange at I-494 and I-35W

- Location:** Southbound I-35W between 106th Street and Hwy 13
Impact: Reduced to two lanes, from three
Date: Mid-May to mid-June
Benefit: Create a southbound fourth lane
